

Avotus' ITAM Robot Receives Multiple Awards Celebrates with Risk Free Product Promotion

Avotus' ITAM Robot Recognized for Industry Innovation – Company Offers Risk Free ITAM Robot Audit of IT and Telecom Inventory

OAKLAND, New Jersey– March 21, 2016 – Avotus Corporation, the leading provider of Intelligent Communications Management (ICM) solutions, announced today that TMC, a global, integrated media company, has named Avotus' ITAM Robot as a recipient of a 2016 INTERNET TELEPHONY Product of the Year Award and the Unified Communications Product of the Year award for 2016 . In celebration, Avotus is offering a free, one-time, ITAM Robot audit of IT and Telecom inventory to qualified customers.

“ITAM Robot allows us to solve many of the biggest challenges in expense management and asset management,” states Avotus CEO, James Martino. “This includes the ability to obtain, in a cost-effective manner, accurate and clean, real-time inventory of our customers’ telecom and IT assets. Real-time inventory of a broad array of assets has really been the Holy Grail for the TEM industry. Avotus is on the leading edge of this charge. We’re honored to receive the award and look forward to showing off what the ITAM Robot can do via our new risk free promotion.”

Avotus' ITAM Robot

The Avotus ITAM Robot builds and monitors telecom and IT asset inventory. Real-time inventory is discovered, identified and matched against invoices and contracts then optimized in the Avotus Cloud Services platform. Online Analytical Processes (OLAP) are then used to create a true Configuration Management Database (CMDB) of all IT and telecom assets. The CMDB is fully integrated with Avotus' Elite Expense Management Services providing visibility and control of asset inventory and associated expenses.

ITAM Robot Promotion Offer

Qualified firms receive a free, one-time ITAM Robot demonstration and audit of their IT and Telecom inventory. Avotus will download customer invoices from carrier portal, geo locate each asset to correct facility, scrub invoices to identify savings and advise on methods to achieve financial impact. ITAM Robot may also be used to capture real time inventory and demonstrate how ITAM Robot Managed services will enhance savings. Avotus' shall earn a success fee based on the value of identified savings.

About Avotus

With more than 30 years of industry experience, Avotus is the award-winning provider of Intelligent Communications Management (ICM) solutions. ICM solutions enable users to optimize, manage and protect against misuse and abuse of their critical investments in telecom and technology. Often times, Avotus' ICM lifecycle can be deployed in a manner that allows each engagement to self-fund the next, while putting cash on the clients bottom line at each step. ICM solutions include: Enhanced Usage Reporting (EUR) for Unified Communications, Expense Management (EM), Intelli-Sourcing and Wireless Management. Avotus and its partners serve more than 1,000 clients in North America and around the world, many of which are industry-leading Fortune 5000 customers. ICM is Avotus' Intelligent approach to managing wireline and wireless assets, and your safeguard for next-generation solution implementation.
